serious as the people had complained. (*Laughter*) Even those cases affected by malaria could be treated successfully.

Sri G. DUGGAPPA.—Is it not a fact or may I know whether it has come to the notice of the Government that 19 officials out of 21 in the Police Department in the Holalkere Taluk were laid down with malaria and every year during November and December almost all the officials living in the Holalkere Town are laid down ? Such being the case you are pleased to say that malaria is not rampant in Holalkere Taluk. Is that not an insinuation ? Is it not opposed to truth ?

Sri T. CHANNIAH.—Not so serious. But in some villages some persons really suffered from malaria and for that the departmental people have given anti-malaria drug and the report is that they have been cured of the disease. That is the report that has been received.

Sri G. DUGGAPPA.—Is it not a fact that people in the Holalkere Taluk and the municipality have been requesting the Government to take up DDT spraying ?

Sri T. CHANNIAH.—Only during last year, that is, during the current year we had heavy rains and on account of that there was stagnation of water here and there might be instances of malaria in some villages. But it is not a permanent feature in that taluk.

Sri G. DUGGAPPA.—Will the Government be pleased to pass orders for DDT spraying to control malaria in Holalkere Taluk ?

Sri T. CHANNIAH.—The departmental people have reported to Government that there is no necessity to spray DDT in that taluk because the prevalence of the disease is not much.

Sri G. DUGGAPPA.—Who has submitted that report to the Government ?

Sri T. CHANNIAH.—The Director of Public Health.

Sri G. DUGGAPPA.—Is it not a fact that in spite of so many requests by the people and the municipality the District Health Officer, Chitaldrug, has not cared to visit the places ? I am sure he has not visited these places.

Mr. SPEAKER.—Hon'ble Member has forgotten that this is question hour.

Sri A. BHEEMAPPA NAIK.—In view of the appeals made by members in this House, will the Government instruct the Public Health Department to take preventive measures immediately ?

[*No answer.*]

Sri K. PUTTASWAMY.—It was stated that there was no malaria there. What has happened to the malaria that was there ?

Sri T. CHANNIAH.—After treatment with anti-malaria drug, the disease was cured.

Sri B. Y. NEELE GOWDA.—Is it not a fact that diluted DDT is not good ?

Mr. SPEAKER.—That has been answered.

Power Shortage.

Q.—199. Sri B. V. NARAYANA REDDY (Bagepalli-Gudibanda).—

Will the Government be pleased to state :—

(*a*) what is the quantity of power generated at present in Jog and Sivasamudram ;

(*b*) how much of it is utilised at present ;

(*c*) whether it has come to their notice that power supply is being refused for I. P. sets due to power shortage ?

A.—Sri H. M. CHANNABASAPPA (Minister for Industries).—

(*a*) The present peak loads on the Generating Stations are as below :—

Sivasamudrum ...	22,000 K.W.
Mahatma Gandhi Hydro-Electric Works, Jog...	98,500 K.W.

(*b*) All the power generated is being utilised.

(*c*) No.

Sri B. V. NARAYANA REDDY.—To question (*b*) how much power is utilised at present, the answer is that

(SRI B. V. NARAYANA REDDY.)

all the power generated is being utilised. But to question (c) whether it has come to their notice that power supply is being refused for I. P. sets due to power shortage the answer is 'no'. Are not these answers contradictory ?

*Sri H. M. CHANNABASAPPA—Not contradictory.

Sri B. V. NARAYANA REDDY.—Are the Government not aware of a circular sent saying that no power should be given to Bagepalli and other places because of shortage of power ?

Sri H. M. CHANNABASAPPA.—I am aware that the Chief Electrical Engineer has issued intructions to the Superintendent to the effect that power may be refused.

12-30 P.M.

Sri B. V. NARAYANA REDDY.—What was the reason, Sir ?

Sri H. M. CHANNABASAPPA.—Shortage of power.

Sri B. V. NARAYANA REDDY.—You have now accepted that there is still power available. How can you say in the same breath there is shortage of power ?

Sri H. M. CHANNABASAPPA.—All the power that is being generated is being utilised.

Sri. B. V. NARAYANA REDDY.—But you say you have no power for I. P. Sets ?

Sri H. M. CHANNABASAPPA.—There is no ban for giving power for I. P. Sets.

Sri B. V. NARAYANA REDDY.—So many people have already bought sets and what is the reason for not giving them power ?

Sri H. M. CHANNABASAPPA.—Merely because there is power, we cannot straightaway give power to I. P. Sets. That depends upon so many factors. If persons come forward for taking power in the proper manner and according to proper procedure, power will be given.

Sri B. V. NARAYANA REDDY.—Even after complying with all formalities and even when the venture sensures a fair percentage of return, what is the reason for not sanctioning power ?

Mr. SPEAKER.—If the Hon'ble Member has any specific grievance, he may bring it to the notice of the Hon'ble Minister afterwards.

Sri B. V. NARAYANA REDDY.—Everything in Bagepally Taluk is happening like that.

Sri H. M. CHANNABASAPPA.—If all conditions are satisfied, we have no objection to give power. If there is any difficulty experienced in getting power for I. P. sets, it only depends upon the availability of power on 25 cycles.

Sri B. V. NARAYANA REDDY.—Power is there and the Department had asked for the staggering system. Even that they have taken in writing. May I bring it to your notice that just for want two baliga poles, the Department has not been able to give us power for the last two years ? Is that a sign of the efficiency of the Government ?

Sri H. M. CHANNABASAPPA.—There may be shortage of baliga poles.

Sri B. V. NARAYANA REDDY.—You must be ashamed of such a thing.

Mr. SPEAKER.—I take strong objection to the use of that word. That is not the way of putting questions.

Sri B. V. NARAYANA REDDY.—Since two years for lack of two baliga poles, the Government have not given power supply to Bagepally.

Sri H. M. CHANNABASAPPA.—These baliga poles will be supplied. If the Hon'ble Member can give specific instance where such a thing has happened and where there is lack of baliga poles, I shall be very glad to find out what are the impediments and if there are any impediments, I shall try to remove them and sanction power.

ಶ್ರೀ ಡಿ. ಎಂ. ಗೋವಿಂದರಾಜು.—I.P.Sets ಗಾಗಿ ಕೇಳಿದವರಿಗೆಲ್ಲ ವಿದ್ಯುಚ್ಛಕ್ತಿಯನ್ನು ಕೊಡುತ್ತೀರಾ ?

ಶ್ರೀ ಎಚ್. ಎಂ. ಚನ್ನಬಸಪ್ಪ.—ಕೇಳಿದವರಿಗೆಲ್ಲ ಕೊಡುವುದಕ್ಕಾಗುವುದಿಲ್ಲ.

ಶ್ರೀ ಡಿ. ಎಂ. ಗೋವಿಂದರಾಜು.—I.P. Setsಗೆ ವಿದ್ಯುಚ್ಛಕ್ತಿ ಬೇಕು ಎಂದು ಯಾರು ಯಾರು ಮುಂದೆ ಬರುತ್ತಾರೋ ಅವರಿಗೆಲ್ಲ ಕೊಡುತ್ತೀರಾ ?

ಶ್ರೀ ಎಚ್. ಎಂ. ಚನ್ನಬಸಪ್ಪ.—ನಾನು ಹೇಳಿದಂತೆ ಯಾರು ಯಾರು ವಿದ್ಯುಚ್ಛಕ್ತಿ ಬೇಕು ಎಂದು ಕೇಳುತ್ತಾರೋ ಅವರಿಗೆಲ್ಲ ಕೊಡುವುದಕ್ಕಾಗುವುದಿಲ್ಲ ವಿದ್ಯುಚ್ಛಕ್ತಿ ಬೇಕು ಎಂದು ಕೇಳುವುದರ ಜೊತೆಗೆ

ವಿಧಾಯಕವಾದ ರೀತಿಯಲ್ಲಿ ಅವರು ಅರ್ಜಿಕೊಟ್ಟು ವಿಧಾಯಕವಾದ ಪರ್ಸೆಂಟೇಜ್ ಬರುವವರೆಗೂ ವಿದ್ಯುಚ್ಛಕ್ತಿ ತೆಗೆದುಕೊಳ್ಳತಕ್ಕವರಿಗೆ ಮಾತ್ರ ಕೂಡ ಲಾಗುತ್ತದೆಯೇ ವಿನಾ ಕೇಳಿದವರಿಗೆಲ್ಲ ಕೊಡುವುದ ಕ್ಕಾಗುವುದಿಲ್ಲ.

ಶ್ರೀ ಡಿ. ಎಂ. ಗೋವಿಂದರಾಜು.—ಕೈಗಾರಿಕಾ ಕೆಲಸಗಳಿಗೆ ಕೊಡುತ್ತೀರಾ ?

ಶ್ರೀ ಎಚ್. ಎಂ. ಚನ್ನಬಸಪ್ಪ.—ಯಾವ ಕೈಗಾರಿಕೆಯನ್ನು, ಎಲ್ಲಿ ಪ್ರಾರಂಭ ಮಾಡತಕ್ಕದ್ದು ಎನ್ನುವುದರ ಮೇಲೆ ಅವಲಂಬಿಸುತ್ತದೆ.

ಶ್ರೀ ಡಿ. ಎಂ. ಗೋವಿಂದರಾಜು.—ವಿದ್ಯುಚ್ಛಕ್ತಿ ಬಹಳ ಕಡಿಮೆಯಾಗಿದೆ ಎಂದು ಹೇಳುತ್ತೀರಿ. ಎರಡನೆಯ ಪಾಂಚವಾರ್ಷಿಕ ಯೋಜನೆಯಲ್ಲಿ Bhadra Hydro-Electric Projectನಲ್ಲಿ ಎಷ್ಟು ಕಿಲೊವಾಟುಗಳು ಉತ್ಪತ್ತಿ ಮಾಡುವುದಕ್ಕೆ ಸಾಧ್ಯವಾಗುತ್ತದೆ ?

ಶ್ರೀ ಎಚ್. ಎಂ. ಚನ್ನಬಸಪ್ಪ.—41-42 ಸಾವಿರ ಕಿಲೋವಾಟುಗಳನ್ನು ಉತ್ಪನ್ನ ಮಾಡಬಹುದು ಎಂದು ಯೋಚನೆಯಾಗಿದೆ.

ಶ್ರೀ ಡಿ. ಎಂ. ಗೋವಿಂದರಾಜು.—ಶರಾವತಿ ಪ್ರಾಜೆಕ್ಟ್‌ನಲ್ಲಿ ಎಷ್ಟು ಉತ್ಪತ್ತಿ ಮಾಡಬಹುದು ?

ಶ್ರೀ ಎಚ್. ಎಂ. ಚನ್ನಬಸಪ್ಪ.—ಶರಾವತಿಯಲ್ಲಿ 7,10,000 ಕಿಲೋವಾಟುಗಳನ್ನು ಉತ್ಪನ್ನ ಮಾಡಬಹುದು ಎಂದು ಯೋಚನೆ ಮಾಡಲಾಗಿದೆ.

Mr. SPEAKER.—The Hon'ble Member's grievance is that for want of two *baliga* poles, power supply is withheld.

Sri H. M. CHANNABASAPPA.—Government will be glad to give two baliga poles this very moment.

Sri K. PUTTASWAMY.—What is the installed capacity of the generating station at Shivasamudram ?

Sri H. M. CHANNABASAPPA.—42,000 k.w.

Sri K. PUTTASWAMY.—What is the reason for not generating power up to the installed capacity ?

Sri H. M. CHANNABASAPPA.—If we have sufficient water, we will be able to produce electricity up to the installed capacity.

Sri K. PUTTASWAMY.—I want a specific answer. What is the exact reason ?

Sri H. M. CHANNABASAPPA.—Want of water. We have got only 900 cusecs which can be utilised for generating power in Shivasamudram.

Sri K. PUTTASWAMY.—During what season ?

Sri H. M. CHANNABASAPPA.—During summer.

Sri K. PUTTASWAMY.—During seasons other than summer what was the difficulty in producing power ?

Sri H. M. CHANNABASAPPA.—There was absolutely no difficulty in generating power during rainy season.

Sri K. PUTTASWAMY.—Does the Hon'ble Minister mean that except the summer season, during other seasons, electricity is produced up to the installed capacity ?

Sri H. M. CHANNABASAPPA.—If electricity is drawn to the extent that is required it is going to be produced.

Sri K. PUTTASWAMY.—Does he mean that there is no demand for power ?

Sri H. M. CHANNABASAPPA.—Not that.

Sri K. PUTTASWAMY.—The Minister was pleased to say that the Chief Engineer had passed an order restricting the supply of electricity. May I know whether the Government takes responsibility for that order ?

Sri H. M. CHANNABASAPPA.—The Chief Electrical Engineer being more cautious issued instructions that in future the supply of power for rural electrification and I.P. sets may be stayed since there was a possibility of the peak-load of the maximum power potential being reached. After a full consideration of all factors, Government gave instructions that it is not necessary to put a ban of that kind at present and therefore asked the Chief Engineer to issue revised instructions to the effect that power will be supplied to I P. Sets and rural electrification.

Sri K. PUTTASWAMY.—I am not questioning the power of the Chief Electrical Engineer. The Government are pleased to say 'No' in reply to my question (*a*) ; How did the Government give this negative answer when the Chief Engineer has passed that order ?

Mr. SPEAKER.—It was not a Government order. There is difference between a direction given by the Chief Electrical Engineer and an order passed by the Government.

Sri K. PUTTASWAMY.—Whatever the subordinate officers may say or do, it would be the responsibility of the Government and we hold the Government responsible.

Sri H. M. CHANNABASAPPA.—I would like to submit, this: The Hon'ble Member's question was 'whether Government will be pleased to say whether Government have passed orders recently''; there is difference between instructions given by the Chief Electrical Engineer and a Government order.

Sri K. PUTTASWAMY.—The member for Bagepally bitterly complained that for want of two baliga poles, electricity was not given to the I.P. sets for the last two years. Has it any relationship with the attitude of the Hon'ble Member that Bagepalli should go to Andhra ?

Sri H. M. CHANNABASAPPA.—I humbly suggest that there is no relationship whatsoever.

Electric Power (Scarcity for supply to Industries and Irrigation).

Q.—152. Sri K. LAKKAPPA (Channarayapatna).—

Will the Government be pleased to state :—

(*a*) whether they have passed orders to stop supply of electric power for Industries and Irrigation purposes;

(*b*) the reasons for such a stop;

(*c*) how long this order is likely to continue;

(*d*) if power scarcity is anticipated, what are the steps they have proposed to take to meet the demand for power ?

A.—Sri H. M. CHANNABASAPPA (Minister for Industries).—

(*a*) No.

(*b*) and (*c*) Do not arise in view of reply to (*a*).

(*d*) Two new Projects, namely, the Sharavathi Valley Hydro-Electric Project and the Bhadra Hydro-Electric Project are being taken up.

Sri K. LAKKAPPA.—Are the Government aware that the authorities at Hassan refuse to give power for industrial purposes ?

Sri H. M. CHANNABASAPPA.—Yes. There has been a certain amount of restriction on supply of power to industrial purpose and that restriction has not been raised.

Sri K. LAKKAPPA.—That means you are not going to give any power to industrial purpose ?

Sri H. M. CHANNABASAPPA.—I have already said that that depends on the particular industry, where it is started and what amount of power it requires and so on.

Sri K. LAKKAPPA.—May I know the quantity of power available in Hassan Division and Chickmagalur Division ?

Sri H. M. CHANNABASAPPA.—It is not possible to give that information just now.

Sri K. LAKKAPPA.—May I know how long you will be in a position to supply power for industrial purpose and I.P. sets ?

Sri H. M. CHANNABASAPPA.—We are supplying power for I.P. sets and rural industry.

Sri K. LAKKAPPA.—How long can you supply ?

Sri H. M. CHANNABASAPPA.—That depends on the number of consumers.

Sri K. LAKKAPPA.—You have said that some provision is made to make supply of power after taking up the Bhadra Hydro-electric Project and Honnemaradu. When will you be able to supply power from these generation stations ?

Sri H. M. CHANNABASAPPA.—All efforts would be made if power is supplied from Bhadra Generation Station within two years.

Deposits for Supply of Power for Lift Irrigation.

Q.—359. Sri B. N. RAME GOWDA (Sira).—

Will the Government be pleased to state:—

(*a*) whether it is a fact that they have issued orders to the Electrical Department not to receive deposits for lift irrigation purposes;

(*b*) if so, when it was issued ?
